Professional Profile

Md Aktaruzzaman is the Founder and Managing Director of COLORJET Bangladesh, an importer, distributor and solution provider for industrial digital printing machines, inks, consumables, spare parts, installation, operator training and technical support.

His industry journey began in 2015. In 2019, he established COLORJET Bangladesh with a focus on connecting global printing technology with dependable local execution. His work combines product and solution planning, customer relationships, installation and service operations, engineer-team coordination and business-system improvement.

Verified Professional Metrics

Since 2015

Industrial digital-printing industry experience

2019

COLORJET Bangladesh established

850+

Successful installations supported across Bangladesh

Nationwide

Customer installation and technical-support activity

Primary Leadership Themes

- Quality • Commitment • Service
- Trust and accountability
- Practical innovation with measurable business value
- Customer success and long-term partnership
- Team development and reliable execution

COLORJET Bangladesh

COLORJET Bangladesh is positioned as an importer, distributor and solution provider—not as the manufacturer of every machine. The company supports signage, textile and sublimation, UV and DTF printing through product supply, installation, operator training, spare parts and after-sales service.

Core Business Areas

Industrial digital printing machines

Signage, textile and sublimation solutions

UV and DTF printing systems

Printing inks, consumables and spare parts

Installation and operator training

Technical and after-sales support

Structured Expertise

- 01 Entrepreneurship and strategic leadership
- 02 Industrial digital-printing technology
- 03 Sales, distribution and customer relations
- 04 Import and supply-chain coordination
- 05 Service operations and engineer management
- 06 ERP, automation and AI-assisted business systems
